ANNUAL SYLLABUS (2024-25)

Class - 9th

Month	Lesson	Skill	Application	Activity	Learning Outcome	Teaching Aid
Term-1 April + May	Book- Beehive Chapter-1 The Fun they Had	Communication	Encoding and Decoding Messages	Mindmaps- Pg 8 Words and Expression 2. Imagine the school in the story "The Fun They Had". Compare it with you own school. Given below are two outlines for Mind Maps. Fill these with words that you can think of in the two situations.	To enable the students about a variety of Modern Teaching aid.	Textbook and Interactive Whiteboard
	2. The Sound of Music Part-I	Critical Thinking and Problem Solving	Doing Research as a Mechanical or Petroleum Engineer		To get inspiration from the real life experiences of a differently abled person	Textbook and Interactive Whiteboard
	2. The sound of Music Part-II Bismillah Khan	Creativity	Working as a Cartoonist Designing A New App.		To create the interest among students towards music.	Textbook and Interactive Whiteboard
	3. The Little Girl	Writing & Thinking & Literary Interpretation	Cross-Questining / Asking Riddles	<u>Class Discussion:-</u> Opening Page The story of "The Little Girl"	To enable the students share their personal experiences.	Textbook and Interactive Whiteboard

Subject : English

ANNUAL SYLLABUS (2024-25)

Class - 9th

Month	Lesson	Skill	Application	Activity	Learning Outcome	Teaching Aid
	4. A Truly Beautiful Mind	Critical Thinking and Literary Interpretation	Working as a Scientist Preparing for Civil Services		Identify the relationship between mental illness and genius.	Textbook and Interactive Whiteboard
	Poems :- 1. The Road not Taken	Goal Setting	Selection of Stream after doing Matriculation, Preparing budget as a company head.		teachers us the importance of making bold decisions even when we can't be sure where they till lead.	Textbook and Interactive Whiteboard
	2. Wind	Perseverance	Working as a Scientist, Preparing for Civil Services	<u>Visual Representation :-</u> Forecast maps that contain information about wind, rain and temperature.	To deal with nature's power's appropriately The cycle of life continues, death is inevitable.	Textbook and Interactive Whiteboard
	3. Rain on the Roof	Creativity	Designing Posters, Role of a Content Writer		The bond of love and affection that the child shares with his parents.	Textbook and Interactive Whiteboard
	<u>Book: Moments :-</u> 1. The Lost Child	Communication		Oral Test on basic of the chapter The Lost Child Set at Book Monuments Ch- 1		

Month	Lesson	Skill	Application	Activity	Learning Outcome	Teaching Aid
Term-1 July + Aug.	2. The Adventures of Toto	Flexibility and Adaptability	Official and Business Letters and Reports / Sending an E-mail/ Fax		Share thoughts with others and express them in speech	Textbook and Interactive Whiteboard
	3. Iswaran the Storyteller	Communication and Innovation	Playing the role of a comperor or stage secretary		differentiate between the natural and unnatural world.	Textbook and Interactive Whiteboard
	Grammar 1. Modals	Information Literacy and Communication	Official and Business Letters and Reports / Sending an E-mail / Fax, Telling a Story Design Engineer	Field Work:- Pg. 78. 1. The stories of "The Snake and the Mirror" and "The Miraculous Escape" show how people face danger and are scared of animals.	to express ability possibility necessity, adn permission	Textbook and Interactive Whiteboard
	Book Beehive 5. The Snake and the Mirror	Initiative and Self-Direction	Complete a chore without being told, To make Sauerkraut, Growing tomatoes, or Playing a musical instrument.	As children, many of us fear stray dogs. Both adults and children are scared of snakes. Fear exists in most of us. Some fears have bases and others do not. Let us conduct a survey of what people fear about. You may follow the guidelines given below.	Not be so much proud of oneself	Textbook and Interactive Whiteboard
	Poems :- 4. The Lake Isle of Innisfree	Goal Setting	Preparing for Civil Services / Board Examination		to adopt and observe peace and tranquility of nature in their lives	Textbook and Interactive Whiteboard

Subject : English

ANNUAL SYLLABUS (2024-25)

Class - 9th

Month	Lesson	Skill	Application	Activity	Learning Outcome	Teaching Aid
Term-1 July + Aug.	5. A Legend of the Northland	Open Mindedness and Equality	Working as an NGO, Managing Various Religious Organization		We should never be selfish and think of others too	Textbook and Interactive Whiteboard
	Book Moments 4. In the Kingdom of Fools	Innovative Thinking	Playing the role of a Story Teller, Working as a Scientist		Stay away from foolish people; else one is bound to suffer	Textbook and Interactive Whiteboard
	5. The Happy Prince	Collaboration and Selflessness	Maintaining Law and Order as a Superintendent of Police, An a Functionary of NGO		Know the real meaning of happiness, love sacrifice and charity	Textbook and Interactive Whiteboard
	Grammar	Information Literacy and Communication	Official and Business Letters and Reports / Sending an E-mail /Fax		Relate forms of actions of the time of happening	Textbook and Interactive Whiteboard
	2. Tenses		Official and Business Letters and Reports / Sending an E-mail /Fax		Choose the correct subject and verb to create a sentence	Textbook and Interactive Whiteboard
	3. Subject Verb Agreement	Information Literacy and Communication	Uncover opportunities and fuel business growth as an entrepreneur of company		To instil values of generosity, kindness, humility and communal harmony.	Textbook and Interactive Whiteboard

Subject : English

ANNUAL SYLLABUS (2024-25)

Class - 9th

Month	Lesson	Skill	Application	Activity	Learning Outcome	Teaching Aid
Term-2 Oct. + Nov.	6. My Childhood	Social And Cross-Cultural Interaction	Managing Adventure Tours, Arrangement of Feasts as a Hotel Incharge	Quiz on the basis of BBC Compacta	Learn how hard work and determination can help you go a long way	Textbook and Interactive Whiteboard
	7. Reach for the Top Part-1			Worksheet : Reading Comprehension Page 96		
	Reach for the Top Part-II	Organization	Playing the role of a comperer or stage secretary	Read the following passage carefully. Based on your reading, answer the following questions in the space provided Text I On. 3 Aug. 1996, Leander Paes	Dreams can be realized only if one works earnestly	Textbook and Interactive Whiteboard
	Poems :- 6. No Men are Foreign	Flexibility and Adaptability	Writing Research Papers Lab Reports, Doing Surgical Operations Completing Projects Doing Running Commentaries / Participation in Group Discussions		To inculcate unity affection, activeness, awareness, creativity	Textbook and Interactive Whiteboard
	Book Moments :- 7. The Last Leaf	Critical Thinking			Draw inferences and define and analyze	Textbook and Interactive Whiteboard
	8. A House is not a Home	Adaptability and Perseverance Bring a member of Armed forces			To enable to distinguish between natural and manmade disaster	Textbook and Interactive Whiteboard
	Grammar :- 4. Narration	Information Literacy and Communication	Official and Business Letters and Reports / Sending an E-mail / Fax		Identify the elements of narrative writing compose a narrative essay .	Textbook and Interactive Whiteboard

Subject : English

ANNUAL SYLLABUS (2024-25)

Class - 9th

Month	Lesson	Skill	Application	Activity	Learning Outcome	Teaching Aid
Term-2 Oct. + Nov.	5. Determiners	Information Literacy and Communication	Official and Business Letters and Reports / Sending an E-mail / Fax	Group work Pg. 123. 1. You have read about the mesmerizing effect of the flute music on Vikram Seth in ' Kathmandu '. Do you know the instruments for Sufi music differ from one culture to another ? In Turkey, Iran and North Africa, the most prominent instrument is the 'Ney' which is the reed flute. In Sufi music the 'Ney' is accompanied by string instruments like saz, santoor, rubab, etc. Create a class magazine on music and artists. Some suggestions are given below. * Collect information on the commonly used musical instruments in the following categories: Indian classical music Ghazal Singing Bharatnatayam, Chau and Kathak dance folk music jazz. *Collect photographs of musical instruments* Prepare brief biographical sketches of musician, dancers, costume designers, artists etc. You can meet some of them or collect information from sources like books, internet, magazines, newspapers, etc. * Give a suitable name of the magazine	to introduce nouns.	
Term-2 Dec. + Jan.	Book Beehive 8. Kathmandu	Responsibility and Critical Thinking	Working as a Custom Official, Writing Projections as an official in Ministry of Environment		to make diary entry as a travelogue.	

Subject : English

Month	Lesson	Skill	Application	Activity	Learning Outcome	Teaching Aid
Term-I April + May	Chapter-1:- Real Numbers	*Representation of irrational number on number line * Rationalize of real numbers	*Representation of Terminating and Non-Terminating decimal on number line, Explanation and Rationalization real no.	*To make a square root spiral using paper folding Technique	*Understand the representation of real no. on number line * Ability to solve problem with exponents and radicals	White Board Marker, Smart Classroom, Projector
	Chapter-2:- Polynomials	*Degree of Polynomial *Zeroes of Polynomial * Factor and Remainder * Algebraic Identities	* Able to use Algebraic identities, factor and Remainder Theorem in factorisation of the Polynomials.	*To verify the identify $a^3-b^3 = (a-b)(a^2+ab+b^2)$ for simple cases using a set of unit cubes.	*Able to differentiate between algebraic expression and polynomial their type on bases of their degree, zero etc.	White Board Marker, Smart Classroom, Projector
	Chapter-3:- Coordinate Geometry	* Concept of Cartesian plane *Coordinate of a point *Terms associated with coordinate plane	* Able to represent different points in Cartesian plane using concepts like abscissa, ordinate etc.	* To obtain the mirror image of given geometrical figure with respect to the x-axis and y-axis	*Plotting points in plane, axis, quadrants, name and terms associated with coordinate plane.	White Board Marker, Smart Classroom, Projector
	Chapter-4 Linear Equations in two variables	* Introduction to linear eqn. in two variables. * Explain how linear eqn. in two variable has infinite solutions	*Develop an ability to concept real life problems into linear equation in two variables and then find solutions.	*To plot a graph b/w Time and height of water in a baker collected from a uniformly flowing tap and check whether the graph is st. line.	* Understand the concept of linear equation in one variable and two variable and finding solutions	White Board Marker, Smart Classroom, Projector
	Chapter-10 Heron's Formula	* Finding Perimeter and Area of Triangle using Heron's Formula and other method	Application of Heron's formula in finding area of Triangle when it sides or perimeter will be given	* Using Geoboard find the area of any triangle	*Understand the Heron's formula and its application in finding area of triangle	White Board Marker, Smart Classroom, Projector
Term-I July & August	Chapter- 5 Introduction to Euclid's Geometry	Common/ Obvious notions / Axioms /Postulates and Theorems of Euclid, and Theorem	*Understand Euclid's Axioms and postulates , and use them in various Geometrical concepts	*To visualise that one line can drawn through two points (Postulate-I)	*Understand the concept of geometry and its origin. Euclid's contribution in Mathematics.	White Board Marker, Smart Classroom, Projector
	Chapter-6 Lines and Angles	*Concept of line and angles Concept of Linear Pair, Vertical opp. Angles, Alternate	*By Understanding line and angles and different types of angles students will develop an ability to solve complex geometrical problems	*Intercepts of equidistant Parallel lines	*Understanding of different types of angles, Linear pair, adjacent angles, concept of Parallel and Transversal lines.	White Board Marker, Smart Classroom, Projector
	Chapter-7 Triangles	* Concept of Congruent Triangles *Rule for congruence of Triangles.	*Develop an ability to solve the problems related to congruency of triangles angle opposite to equal side of	*To verify that the sum of angles of Triangle is 180°	*Able to understand different types of Triangles, different congruence conditions and their use.	White Board Marker, Smart Classroom, Projector
		Ce S.A.S., R.H.S. S.S.S., A.S.A. Rule etc	Triangle etc			

Subject : Maths

ANNUAL SYLLABUS (2024-25)

Class - 9th

Month	Lesson	Skill	Application	Activity	Learning Outcome	Teaching Aid
Term-II Oct. and Nov.	Ch-8 Quadrilaterals	* Properties of Parallelogram * Concept of mid point theorem * Concept of converse of Mid point Theorem	* Able to apply different theorems to solve problem * Understand relationship between different types of quadrilateral	* To show that the figure obtained by joining the mid points of the consecutive sides of quadrilateral is a parallelogram.	* Able to understand different types of quadrilateral and their properties and their use in problem solving	White Board Marker, Smart Classroom, Projector
	Ch- 9 Circles	* Concept of circles, chord of circle etc * Properties of circle * Concept of cyclic quadrilateral and its properties	* Able to solve day to day life problem by using the mathematics concepts like center, chord, cyclic, quadrilateral and properties of circle.	* Using paper cutting pasting folding to verify that the sum of either pair of opposite angles of a cyclic quadrilateral is 180°	* Understand the various concepts and properties of circles and their application in solution of diff. problems	White Board Marker, Smart Classroom, Projector
	Ch- 11 Surface Areas and Volumes	* Surface Area of Cone, sphere and Hemisphere * Volume of cone, sphere and hemisphere	* Develop an ability to apply the formula of surface area and volume of different solid fig. in daily life problems and compare it with actual situation.	* To give a suggestive demonstration of the formula for the lateral surface area of a cone.	* Knowledge of these formulas boost them to drive formula and combine two or more figures to calculate two surface area and v.	White Board Marker, Smart Classroom, Projector
	Ch- 12 Statistics	* Representation of Bar graph * Histograms (with varying base lengths) and frequency Polygons.	* Students will make frequency distribution table, Explanation of Bar graph, Histogram and Frequency polygon of problems given in Book Exercise	To draw histograms for classes of equal widths and vanning widths.	* Under stand the diff. between bar graph, Histogram and frequency polygon.	White Board Marker, Smart Classroom, Projector

Subject : Science

ANNUAL SYLLABUS (2024-25)

Class - 9th

Month	Lesson	Skill	Application	Activity	Learning Outcome	Teaching Aid
Term-1 April + May	1. Matter in our surroundings 2. Motion 3. Cell : Structure and function	Critical Thinking, Technology Literacy	1. To identify solids, liquids and gases in day-to-day life. 2. To differentiate uniform and non-uniform motion and calculation related to uniform motion. 3. To define various cell organelles.	Practical No. 1, 3, 4, 6 Multiple Assessment :- 1. Concept Maps on cell structure and functions 2. c. Visual Representation on graphical representation of motion.	Differentiate materials/ Objects/ Organisms/ Phenomena/ Processes, bases on physical, chemical and biological properties.	1. Smart Class and the activities given in NCERT text book.
July + Aug.	1. Is matter around us pure 2. Force and Laws of motion 3. Tissue	Productivity and Accountability	1. To differentiate element mixture and compound 2. To calculate force, acceleration and momentum 3. To describe the function of various types of tissues.	Practical No. 2, 5 Multiple Assessment :- 1. Assignment on is matter around us pure 2. Class Discussion on Tissue 3. Observation on force and laws of motion	Related processes and phenomena with causes /effects , calculate the data given.	Activities of NCERT text book and permanent slides.
Term-2 Oct. & Nov.	1. Atoms and Molecules 2. Gravitation & Flotation 3. Improvement in Food Resources	Social and Cross Cultural Interaction	1. To define fundamental particles and calculate them. 2. To explain why does an object float or sink ? 3. To invent /discover various activities for the improvement in food resources.	Practical No. 8, 9 Multiple Assessment :- 1. Worksheet on Atoms and Molecules. 2. Oral Test on food Resources. 3. Group work on improvement in food resources.	Uses Scientific conventions/ symbols/ equations to represent various quantities/ elements / units. Derives formulae/ equations/ laws	By conducting NCERT text book activities and using smart class. Taking students to agricultural fields and farms.

Subject : Science

ANNUAL SYLLABUS (2024-25)

Class - 9th

Month	Lesson	Skill	Application	Activity	Learning Outcome	Teaching Aid
Term-2 Dec. + Jan.	1. Structure of Atom 2. Work and Power 3. Sound	Communication, Critical Thinking and Problem Solving	1. Define and write electronic configuration. 2. Differentiate between work, energy and power. 3. To define various parameters of sound and differentiate various sounds on the frequencies and amplitude.	Practical No. 7, 10, 11 Multiple Assessment :- 1. Quiz on work and power. 2. Assignment on Sound	Draws conclusion, applies learning to hypothetical situations, Describes scientific discoveries / inventions.	Using U-tube vidoes, and modals.

List of PRACTICALS for class 9th

1. Preparation of:
 - a) a true solution of common salt, sugar and alum
 - b) a suspension of soil, chalk powder and fine sand in water
 - c) a colloidal solution of starch in water and egg albumin/milk in water and distinguish between these on the basis of
 - transparency
 - filtration criterion
 - stability
2. Preparation of
 - a) A mixture
 - b) A compoundusing iron filings and sulphur powder and distinguishing between these on the basis of:
 - (i) appearance, i.e., homogeneity and heterogeneity
 - (ii) behaviour towards a magnet
 - (iii) behaviour towards carbon disulphide as a solvent
 - (iv) effect of heat
3. Perform the following reactions and classify them as physical or chemical changes:
 - a) Iron with copper sulphate solution in water
 - b) Burning of magnesium ribbon in air
 - c) Zinc with dilute sulphuric acid
 - d) Heating of copper sulphate crystals
 - e) Sodium sulphate with barium chloride in the form of their solutions in water
4. Preparation of stained temporary mounts of
 - (a) onion peel,
 - (b) human cheek cells & to record observations and draw their labeled diagrams.
5. Identification of Parenchyma, Collenchyma and Sclerenchyma tissues in plants, striped, smooth and cardiac muscle fibers and nerve cells in animals, from prepared slides. Draw their labelled diagrams.
6. Determination of the melting point of ice and the boiling point of water.
7. Verification of the Laws of reflection of sound.
8. Determination of the density of solid (denser than water) by using a spring balance and a measuring cylinder.
9. Establishing the relation between the loss in weight of a solid when fully immersed in
 - a) Tap water
 - b) Strongly salty water with the weight of water displaced by it by taking at least two different solids.
10. Determination of the speed of a pulse propagated through a stretched string/slinky (helical spring).
11. Verification of the law of conservation of mass in a chemical reaction.

Month	Lesson	Skill	Application	Activity	Learning Outcome	Teaching Aid
Term-1 April + May	The French Revolution	Skill of Explaining	To enable the students	Quiz	Compare and contract	Text book chalk/ Black Board
	Socialism in Europe	Skill of Illustration with Example	to predict the consequences of Reve. came in Indian History.		the condition that prevailed in frame that led to revolution.	
	India Size & Location	Geol :- To know about different culture and language.	L-2 A wave the student about the nature and ruling of C2ar.	L-1 Geo	L-2 Interpret the ideas of philosophers and leaders that shaped the revolution.	Text book chalk/ Black Board
	Physical Features of India.	L-2 Geo Explain the lesson with Example.	Geo- L-1 A wave student about neighbouring countries impact trade and culture.	Draw the political map of India and write the name of state and its capitals	Ge. L-1 Justify by the reasons for the differences in climate conditions local and standard times.	Map of India chalk/ Board Text Book
	Factors of Production People on Resource	Eco. L-1 Role of farming and Non-farming activities in Economy.	L-2 How physical features of effect the life of people.	L-2 Geo- Draw physical map on the note book.	L-2 Analyse the conditons and relationships of the people living in different physiographic areas.	
	What is Democracy ? Why Demo.	Eco. L-2 Explanation of Lesson with Examples	Eco. L-1 How land labour capital Help in the production.	L-2 Eco Make a chart of Economics and Non- Economics Activities.	Eco- L-1 How farming conditions impact economic development of different states.	Use Physical map on Text Book.
	Constitutional Design	Pol. Sci. L-1 Distinguish between Democratic and Non-Democratic Rule	L-2 Role of govt. in improving the Quality of population. Pol. Sci L-1 Advantages at Democratic rule.
