For Academic Supervisor

Subject : Mathematics

Book : Modern Mathematics (Iconic)

Class : 4th

Month	Lesson	Skill	Application	Activity	Learning Outcome	Teaching Aid
April + May Term - 1	Ch- 1 Big Numbers Ch- 2 Roman Numbers Ch -3 Addition of Big Numbers Ch - 4 Subtraction	Numberacy Skill Recognizing Roman Numbers Addition Skill Subtraction Proficiently	Real-world counting scenarios Reading histoical documents Practical Problem Solving in Everyday Life Everyday Problem Solving	Read & Write different 5 digit number (Pg-24) Assignment on Roman numbers (1 to 100) Mental Maths (Solve the Puzzle Pg - 40)	Read, Write represent, Compare large Numbers Develop the ability to read and write Roman Numerals Enhance Skill in adding large number Strengthen Subtraction skill with big numbers	Number Chart flash and Physical object Black Board Chairs with Roman Numerals , Historical Examples, Back Board Real life examples Audio visual tool, Black Board Interactive game, real life examples
July + Aug Term - 1	Ch - 5 Multiplication Ch - 10 Money Ch - 15 Perimeter Ch - 14 Geometrical Concepts	Problem Solving & Multiplication Concepts Financial Literacy, Currency Conversion Measuring & Calculating Perimeter Understanding geometrical Shapes and Angles	Real-world Problem solving Bill Making, Currency Conversion, Money Transaction Real -World Measuring Tasks Practical Geometric application	Understanding the Conversion of money from rupees to Paise and Vice -verse Pg (123) To draw circle of different radius on ground (Pg 168)	Understand the concept is application of multiplication Develop practical Money handling skills Learn to Calculate the perimeter of different shapes Gain knowledge of Basic geometric Concepts	Smart Class Oral, Multiplication Tables, Activity Fake Money, Interactive games Measuring Tools, Out door Space Geometrical shapes, Drawing Tool visual and

- SEA:- 1. Chart Marking:- Draw different Geometrical Shape showing different Polygon with rep. no. of sides
2. Prepare the bill of customer who have purchase of items frm departmental store

Oct + Nov Term - 2	Ch- 6 Division Ch- 7 Factors & Multiples Ch -8 Fraction & their Comparison Ch - 9 Decimal Numbers	Division Skill, Problem Solving Skill Factorization Skill Problem Solving Critical thinking Higher order thinking skill understanding decimals	Real life Problem Solving Critical thinking Know about fraction and its type, like or unlike fraction. Practical application	To demonstrate that the remainder is always less than divisor Pg (75) To reinforce the concept of factorization Pg (92) To reinforce the concept of fraction Pg (108)	Understand the concept of division Identify factors & Multiples Compare and order fraction Perform operation with decimal numbers	Black Board, Worksheets Smart class Charts Interactive Exercises Charts work sheets Black board Decimal grid, real life examples
Dec + Jan Term - 2	Ch - 11 Measurement of time Ch - 13 Metric System Ch - 16 Pictorial representation of data	Time Measurement Metric System Concepts. Data representation	Time Conversion, 24 hour clock. Use of A.M & P.M. Measurement Tasks Data Interpretation	Class Discussion to enable students to read time from face of clock Group activity to measure Height & Weight of St.	Read & Interpret time in various units Understands apply the metric system Create graphs and Bar graph	Clock, Time Charts Metric Tools, Conversion Charts Graphing Tools, Visuals & Audio tools

SEA:- 1. Model Making of Sieve of Erastosthenes method for determining the prime numbers
2. Prepare a chart to reinforce the concept of decimal fraction

* Ch - 12 Calendar Excluded

ANNUAL LESSON PLAN (2024-25)

For Academic Supervisor

Subject : Science

Book : Let's Explore Science (Intellica)

Class : 4th

Month	Lesson	Skill	Application	Project/ Activity	Learning Outcome	Teaching Aid
April + May Term - 1	Ch - 1 Food Our Basic Need	1. Knowledge 2. Understanding 3. Identifying	1. Students will become aware of eating Balanced Diet in daily routine. 2. Relate the importance of proper food for health.	Concept Map (Draw flow chart on food in Science Fair Note Book -Reference Book Page No. - 10)	Student will learn about 1. Food & its types 2. Balanced Diet 3. Food Preservation	Textbook, Food items, Smart class Modules.
	Ch - 2 Teeth and Digestion	1. Thinking 2. Reading 3. Classifying	1. Students become familiar with different types of teeth. 2. Apply the Concept of Good Eating Habits for proper digestion.	Oral test (Concept Based Questions)	Student will learn about, 1. Parts and Stages of the Digestive system 2. Healthy Eating Habits 3. Care of Teeth 4. Structure of Teeth	Concept base Conversation Smart Class Modules, Charts, Blackboard
	Ch - 3 Matter and Materials	1. Experimenting 2. Reasoning 3. Observing	1. Students will be able to classify various Substances as soluble or insoluble. 2. Relate the process of reduction in quantity of water on heating (evaporation)	Assignment (Draw molecular arrange -ment in Solid, liquid and gas .	Students will learn about. 1. What is matter? 2. States of matter 3. Changing States of matter 4. Solvent solute and solution	Lab Activity on Evaporation & Condensation Smart Class Modules Live Examples

	Ch - 4 Clothes our Protectors	1. Thinking 2. Reasoning 3. Knowledge	1. Students will analyze the roles of weather and occasion in clothing choice. 2. Observes people who wear uniforms & relate to their job.	Art Integrated Activity (Collect and Paste any 4 Fabrics of your choice and write about them briefly in your Scrap Book)	Student will learn 1. Need for Clothes 2. Types of Clothes 3. Maintaining or care of Clothes.	Group discussion, Live Examples Smart class Modules
July + Aug Term - 1	Ch - 5 Safety & First Aid	1. Problem Solving 2. Thinking 3. Communication	1. Students become familiar with safety rules to be followed at home and outside the house. 2. Learn to respond to variety of emergency situations	S.E.A (Paste or draw 5 pictures of Things to be used in First-Aid Box on scrap Book)	Student will learn about, 1. Parts and Stages of the Digestive system 2. Healthy Eating Habits 3. Care of Teeth 4. Structure of Teeth	Pictorial charts, First- Aid Box, Textbook
	Ch - 6 Our Green Friends	1. Knowledge 2. Observing 3. Classfying	1. Students will understand how plants prepare food 2. Become aware of interdependence of plants and animals.		Students will learn about. 1. Structure and functions of a leaf 2. Interdependence of Plants and animals 3. Some unusual plants	Visit to School garden Smart Class Modules Charts
	Ch - 7 Adaptations in Plants	1. Knowledge 2. Understanding 3. Observing	1. Students will observe the different plants and group them accordingly. 2. Know about adaptation in plants.	Worksheet (Crossword puzzle Do on book Page-46)	Student will learn about, 1. What is habitat? 2. Types of Plants 3. Adaptation in plants	Nature Walk, Worksheet, Smart-Class Modules, Blackboard

July + Aug Term - 1	Ch - 8 Animals & Their Young Ones	1. Reasoning 2. Thinking 3. Identifying	1. Students came to know the importance of reproduction for the continuity of life on the Earth. 2. Identify animals who lay eggs or give birth to young ones.	Quiz (Concept-Based Questions)	Student will learn about, 1. Reproduction in animals 2. Ways of Reproduction 3. Parts of an Egg	Concept Based Conversation, Lab Activity (Life Cycle of a Frog) Model
Oct + Nov Term - 2	Ch - 9 Adaptations in animals	1. Knowledge 2. Thinking 3. Classifying	1. Students will identify animals by their feeding habits 2. Gain Knowledge about different animals and their behaviour.	Worksheet (Do Crossword Puzzle given on Page -61)	Students will learn about. 1. Different types of animals 2. Adaptation in animals 3. Food habits of animals	Text book, Pictorial Charts, Smart Class Modules
	Ch - 10 Force, Work and Energy	1. Experimenting 2. Reasoning 3. Understanding	1. Students will be able to define work and energy 2. Know about conversion of energy	Concept Map (Draw Flow chart on Force, Work & Energy Reference Pg - 70)	Student will learn about, 1. Force and its types 2. Energy and its types 3. Conversion of energy	Text book, Live Examples, Group - discussion
	Ch - 11 The Solar- System	1. Knowledge 2. Observing 3. Understanding	1. Students will be able to recognize different objects in the universe. 2. Knows about rotation and revolution of the Earth.	1. S..E.A (Make a chart of the Solar System) 2. Art Int. Activity (Collect Pictures and information about any one astronaut - Do on Scrap Book)	Student will learn about, Students will learn about, 1. The Solar-System 2. Natural Satellite 3. Structure of the earth 4. Movement of the earth	Lab Activity (Formation of day and night), Smart Class Modules

Dec + Jan Term - 2	Ch - 12 Resources: The Gifts of Natures	1. Reasoning 2. Understanding 3. Problem-Solving	1. Students will become familiar with different types of resources. 2. Become aware to conserve natural resources	Oral test (Concept Based Questions)	Students will learn about. 1. Resources 2. Types of resources 3. Conservation of resources	Content Reading Group discussion Oral Activity
Dec + Jan Term - 2	Ch - 13 Air, Water & Weather	1. Experimenting 2. Measuring 3. Observing	1. Students come to know that temperature, Air, Wind and moisture determine weather of a place. 2. Gains knowledge of methods of Purification of Water.	Assignment (Draw water Cycle reference Pg -86)	Student will learn about, 1. What is Weather? 2. Land and sea breeze 3. Water Cycle 4. Purification of Water	Text book, Black board, Smart Class Modules Lab Activity (Sedimentation Decantation)
	Ch - 14 Keeping the earth Green and Clean	1. Thinking 2. Reading 3. Problem- Solving	1. Students will know the importance of trees. 2. Realizes the need to protect nature for existence of mankind.	Quiz (Random Concept- Based Questions)	Student will learn about, 1. Benefits of trees 2. Effects of Deforestation. 3. Pollution & its types 4. About 3 R's Reduce, Reuse & Recycle.	Content reading Smart Class Concept Based Questioning Textbook

ANNUAL LESSON PLAN (2024-25)

For Academic Supervisor

Subject : Social Science

Book : My Wonderful Book of Social Science (Creative Kids)

Class : 4th

Month	Lesson	Skill	Application	Project/ Activity	Learning Outcome	Teaching Aid
April + May	Ch - 1 India our Country	1. Experiential Skill 2. Evaluating Skill	Showing political and Physical Maps for better understanding of students	Concept Map(5 Indian States their food and dresses) (5lines)	Student will be able to:- 1. Understand neighbouring countries	Map Book
	Ch - 3 Physical divisions of India	1. Understanding Skill 2. Knowledge Skill	Students come to know different land forms and understand basic requirements for human livings.	Oral Test Ch -3 Concept based Questions Role Play on reason -al fruit/vegetables (SEA)	2. List the states and Union Territories with their capitals	Map Smart Class
	Ch - 13 Communication	1. Logical Thinking Skill 2. Understanding Skill	Students will understand role of means of Communication in our daily lives	Class Discussion on Radio/Telephone Television/internet and their history.	3. Explain the characteristics of coastal Plains Student will learn about, Students will learn about, Define and Understand importance of Communicator and Maes communication.	Chart from Students
	Ch - 17 Local Self Government	1. Critical Thinking 2. Understanding Skill	Students understand role of Panchayat and municipal committees, their elections and functions	Types of Soils and crops grow in each soil Art integrated Activity		Smarts class Book
July + Aug	Ch - 14 Climate of our Country	1. Observational Skill 2. Reasoning Skill	Students will understand how climate effects dresses and food habits.	Worksheet on national packs and sanctuaries on Book	Define and differentiate between weather and climate * Define terms too, monsoon, winds	Smart Class Book
	Ch - 5 Soils of India	1. Evaluating skill 2. Reasoning Skill	Students will understand types of soil and suitability of soil for different crops.	Assignment on Road Signs	* State importance of soil * Causes and ways to prevent soil erosion	Smart Class Chalk/ Black Board
	Ch - 6 Our Forest Wealth	1. Logical Thinking 2. Understanding skill	Students will understand Importance of trees Plant more trees		* State importance of forest. * Different types of forests found In India.	Smart Class Book
	Ch - 12 Means of Transport	1. Analysing skill 2. Logical Thinking Skill	Students come to know how means of transport help us in sending and receiving things.		Understand the development of modern means of transport * Describe land, water and air transport.	Charts from Students

Map:- 1. Capital of India, 2. Largest State (Area), 3. Smallest State (Area), 4. Largest Populous State, 5. Largest Populous State Punjab, 6. Punjab, 7. Haryana, 8. Jammu & Kashmir, 9. Ladakh, 10. Himachal Pradesh

Oct + Nov	Ch - 7 Our Water Resources	1. Critical Thinking 2. Understanding	Students will know importance of water and how should we save water. How to preserve mineral resources and what steps are taken to protect mineral deposit Students will understand who are social reformers and how they change the Society Students will know rights and duties go hand in hand with examples of fundamental rights and their relation with duties Students will be able to understand problems caused by poverty and illiteracy.	Chart on Water Resources (SEA) Assignment on metallic and non metallic minerals Book Pg - 59 Oral Test Ch - 16 Concept based Questions Worksheet on crops and regions where they grow B.Pg - 68	Student will be able to:- 1. appreciate the importance and sources of water 2. Describe Multipurpose Projects. 3. Define minerals, ore & mine Describe types of minerals 4. List minerals found in India 5. Describe the famous religions, leaders and holy book 6. Contribution of reformers and great kings 7. List fundamental Rights, Duties and Directive Principles 8. Differentiate b/w Republic & Monarchy.	Smart Class Charts by Students Smart Class Book Smart Class Chart from Students Book Smarts class
	Ch - 8 Our Mineral Resources	1. Analysing 2. Reasoning				
	Ch - 16 They made History	1. Critical Thinking 2. Understanding				
	Ch - 18 Our Right and Duties	1. Remembering 2. Understanding				
Dec + Jan	Ch - 9 Our Human Resource	1. Remembering Analysing	They will be able to know different crops of India, important of climate and physical features of growing crops in particular areas Students will learn requirements of large and small scale industries how to establish a business on small scale. Students will understand importance of National Symbols. How National Symbols inspire us to imbibe to be strong, happy, truthful and Knowledgeable	Class Discussion on Rights and Duties Paste pictures of Pulses and cereals and write 2 lines for each. Make a model on National symbols. Art Integrated	*State importance of Human resource * Problems created by population * Steps taken by Govt. to Solve these Problems. * Define agriculture, food crops and cash crops. * Explain importance of green and white Revolution. * Understand the need of industry. * Describe the three types of Industries. * List the importance of Industries of India. * Explain the meaning and importance of our National Symbols.	Smart Class Book Smart Class Book Smart Class Book Chalk B. Board Students
	Ch - 10 Our Agriculture	2. Reasoning Remembering				
	Ch - 11 Our Industries	Understanding				
	Ch - 14 Our National Symbols	2. Understanding Reasoning 1. Logical Thinking Skill 2. Knowledge skill				

Map:-1. Neighbouring Counties of India, 2. Water Bodies Surrounding India.
